NEW TRABZON

An architectural rendering of a modern apartment complex built on a hillside. The buildings are multi-story, featuring a mix of light-colored facades, dark wood paneling, and large glass windows. Each unit has a balcony with a glass railing. The complex is situated on a steep slope, with a high stone retaining wall in the foreground. The surrounding area is lush with green trees and vegetation. In the foreground, a paved walkway leads to a parking area with several cars, including a white convertible. People are shown walking dogs and strolling along the path, adding a sense of life and community to the scene. The sky is bright blue with scattered white clouds, a flock of birds in flight, and a bright sun in the upper right corner. The entire image is framed by a decorative blue border with intricate white patterns.
